Sponsor Information:

I am currently seeking sponsorships from vendors of safety and riding apparel, and performance parts. I feel that I am desirable as a sponsored racer because I have a strong will to succeed, and am a good sportsman. In order to promote my sponsors, I will do whatever is asked from them and show myself in a sportsman like manner. Examples of ways that I can help to promote my sponsors would be through product promotion at racetracks, logo placement on my quad and trailer, and through electronic means such as www.johnsonracingmx.com.
