### Sponsor Information:

In order to promote my sponsors, I will always act in a sportsman like manner – on and off the track. I promote my sponsors through product promotion at the race track, and actively pursue personal interviews. I will promote using both print and electronic means through print media sources and web pages. Sponsor logos will be placed on bikes, trailer, and linked on my web page. I will make myself available for personal appearances, photo shoots, and whatever my sponsor deems necessary to get the word out on their respective products.

I have demonstrated I am able to perform at the Arenacross and Supercross levels of racing, and am determined to pursue the Professional ranks. Thank you for reviewing my resume.

Respectfully,  
Derek Whitney
